

Covid-19 Updated Policies

Here at Organic Wellness we want you to feel safe and at ease during your treatment with us. We will be open for urgent care on May 19th.

In accordance with Washington States extended shelter-in-place recommendations to protect our more vulnerable populations, we are currently only able to work with clients who are in lower risk categories for COVID-19 complications.

In order to protect the health & safety of both patients and employees, here are some of the changes we are making and what you can expect at your next appointment.

1. Limiting traffic: We will only have two of our treatment rooms open during the day, appointments will be staggered in a way that there will be no congestion.
2. As our front desk staff will be working from home, your therapist will greet you at the door at the time of your appointment as the front door will remain locked to avoid walk-ins.
3. We have revised our 24-hour cancellation policy, if you are or have been experiencing any Covid-19 like symptoms we will ask you to reschedule without penalty.
4. We will ask you fill out a liability waiver prior to each visit, and take a touchless temperature check our therapist will be doing the same.
5. Our front Desk staff will be working from home.
6. All therapist will be wearing masks, we request that you do the same. [Click here for face coverings](#)
7. We will only be doing one-hour treatments for the time being to allow ample time for cleaning and sanitizing with hospital grade cleaners in-between patients.
8. We ask that your conversation is kept to a minimum in order to limit the number of airborne particles.
9. Each treatment room is equipped with a medical grade heppa filtration system.
10. We will ask you swipe your own credit card or prepay for your appointment to minimize contact.

If you have any questions or concerns please email us at info@organicwellnessmassage.com

Thank you for your patronage
Kind Regards
The Organic Wellness Team
